

Globe Window Card

BASE: Cinnamon Cider CS 20.85 X 21cm. Score in half at 10.5cm.

FLAP: Cinnamon Cider CS 13 X 11cm. Score 13cm side at 3cm. This will be your hidden flap.

CENTRE OF CARD: Whisper White CS 10 X 14.3cm

DSP: World of Good DSP – Front – 10 X 14.3

Foil – Brass Foil and Pretty Peacock blue foil for behind globe.

STAMP SET: Beautiful World

DIES: World Map Dies and Rectangle Stitched Framelits

Rectangle Stitched Framelits and World map dies

- Using 2nd and 3rd largest framelits, cut a frame from Brass Foil. Set aside for front of card. (I used some removable tape to hold frames in position while cutting.)
- Using the centre of this foil frame, cut the globe and stand out of this. Set aside with the remainder of the foil. (You will use this piece as a layer on top on your white cardstock and you won't see the cut out area!)
- Using the 4th largest rectangle cut out the centre part of your Whisper White card centre.
- Stamp sentiment on the centre piece.
- Glue DSP to front of base and using 5th largest rectangle, cut out a rectangle in the middle. (Go through the die machine a couple of times for a clean cut.)

Putting it all together!

- Before putting on flap make up centre of card, layer brass foil on centre Whisper White base and then the sentiment on top.
- Flap: glue 3cm flap on to back of base inside, taking care to centre it and then glue the centre of the card on top to hide the flap.
- Fold flap in so you can see it through the front of card. Centre your globe and stand in the centre of the window frame and glue in place.
- Add brass border on front of card and if you wish you can add a strip of DSP inside on the centre.
